IBM Cloud services

The screenshot displays the IBM Cloud dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and user account information (HARISANJAI A's Account). Below the navigation bar, the main content area is titled 'Untitled' and features a 'For you' section with several recommended services and tutorials. These include 'Build', 'Build a web app with Watson Speech to Text', 'Get Started with Watson Studio', 'IBM Watson Knowledge Catalog', 'Access to a service within resource groups', and 'IBM Log Analysis with LogDNA'. Each service card provides a brief description and a 'View all' link. Below the 'For you' section, there are four more panels: 'News' (listing recent announcements), 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status' (showing a world map). The dashboard is designed with a clean, modern aesthetic using a dark color scheme.
